

Annamalai R

Automation Test Engineer

 +91 7010354144 |  annamalairaja2903@gmail.com |  [GitHub](#) |  [LinkedIn](#) |  Bangalore, India

Profile Summary

- Automation Test Engineer with **3+ years of experience** in designing and implementing scalable automation frameworks for **Web, Mobile, and API testing**.
 - Skilled in **Java, Selenium, Appium, Rest Assured, TestNG, Jenkins, and Azure DevOps**.
 - Experienced in **cross-browser/platform testing** (BrowserStack, LambdaTest, Selenium Grid).
 - Proven track record of **enhancing test coverage, reducing execution time, and accelerating release cycles**.
-

Professional Experience

TestUnity, Bangalore | Aug 2024 – Present

Project: Ajio | Jio platforms

- Owned QA activities for UAAS, PDP, Wishlist, and CEM microservices, ensuring robust backend validation.
- Automated regression test cases using Rest Assured, with manual validation via Postman.
- Monitored server logs to accelerate root cause analysis and debugging.
- Collaborated with backend developers for faster defect resolution and on-time delivery.

Tech Stack: Java, Rest Assured, Postman, IntelliJ IDEA, Jenkins, Azure DevOps, Git, Maven

Project: StackBox

- Automated warehouse workflows like Inventory Count , Outbound and YMS modules across Web and Mobile platforms, reducing regression effort by **40%**.
- Designed and implemented a **hybrid automation framework** with Selenium, Appium, TestNG, and POM.
- Automated APIs with Rest Assured, enabling dynamic test data handling and flexibility.
- Built optimized XPath locators for dynamic elements, improving script reliability.
- Performed **cross-browser testing** on LambdaTest across multiple environments.

- Contributed actively in Agile ceremonies for sprint planning, review, and faster delivery.

Tech Stack: Java, Selenium, Appium, TestNG, Rest Assured, LambdaTest, Maven, Git

Infosys Limited, Bangalore | Feb 2022 – Feb 2024

Project: Tractor Supply Chain

- Automated order management modules using Selenium + TestNG + Cucumber, improving test coverage by **30%**.
- Conducted cross-browser testing on BrowserStack to ensure consistent performance.
- Designed and executed regression & integration test cases, expanding automation scope.
- Partnered with developers to fix defects, reducing post-production issues by **30%**.

Tech Stack: Java, Selenium, TestNG, Cucumber, Git, Maven, BrowserStack, Jenkins, Eclipse

Technical Skills

- **Languages:** Java
 - **Automation Tools:** Selenium, Appium, TestNG, Cucumber
 - **API Testing:** Rest Assured, Postman
 - **CI/CD & VCS:** Jenkins, Azure DevOps, Git, GitHub
 - **Frameworks & Strategies:** POM, Data-Driven, BDD, Hybrid
 - **Cross-Browser/Platform Testing:** BrowserStack, LambdaTest, Selenium Grid
 - **Build & IDEs:** Maven, IntelliJ IDEA, Eclipse
-

Education

Bachelor of Engineering (B.E.), Electronics & Communication Engineering

Gnanamani College of Technology, Tamil Nadu | 2016 - 2020
